CITY COUNCIL

The regular meeting of the City Council was held on Monday evening last, with His Worship Mayor W. E. Lord in the chair, and Aldermen Simpson, Broughton, Stone, Colborn, Moyes and Galbraith in attendance.

CORRESPONDENCE

The annual meeting of the Union of Alberta Municipalities will be held in Edmonton on November 11th and 12th and the Council was asked to select delegates to attend the Convention. The Deputy Minister, expressed a desire to have Secretary-Treasurer of municipalities at the convention, and he would make certain suggestions as to change of forms used by municipalities. The Council expressed a willingness to have Secretary-Treasurer Stephenson attend the Convention.

ACCOUNTS

The following accounts were passed:

Cash for relief	\$25.00
Munro & Baines	\$12.00
News Pub. Co.	\$12.75
Imperial Bank	\$11.15
Howitt & Cotton	\$11.15

Aldermen Stone and Simpson moved that the offer of S. Legg for the purchase of part of lot 5, block 4, Woodlee, be accepted; price \$575.25 net to city, carried.

Aldermen Stone and Colborn moved that, whereas Alex. McLeod has offered \$900 for lots 3 and 4, block 14, which is approximately the amount of arrears of taxes against the property, and while the offer of the said lots to have the said property restored to a revenue producing basis, therefore the offer be accepted, carried.

Explains confirming the sale of property to A. McRae and S. Hogg were passed.

A deputation of seven young men from the High School Boys' Club and young people of the city in general, waited on the Council and asked that the city level off a piece of land and build a fence around said land, which the city now owns, for a hockey rink, to be big enough to play hockey on. The deputation was headed by Eric Hamilton, who said the request before the Council.

The rink should be 70 x 160 feet and have an eight-foot fence around it. The speaker said he knew of a citizen who was willing to put \$500 in a rink if he could get some backing.

The Council were well disposed towards the idea laid before them and promised to give the matter their warmest consideration.

Mr. Colborn asked if it would be amiss for the Council to appoint a committee to work in conjunction with some enthusiastic citizens as to the cost of a building which could be used for a gymnasium, all kinds of games, a swimming pool, and numerous other things.

The Mayor said we were up against this proposition and we must make some provision for our young people. We must do something as soon as possible, and the idea met with his entire approval.

The Council was unanimous in leaving the question of a rink in the hands of the Commissioners to take what steps they deem advisable in arranging for its construction.

COMMISSIONERS REPORT

The Council, City of Red Deer, Alta. Gentlemen—

Council will be called to order at 7:30 p.m. instead of 8 p.m.

We submit our regular report as follows:

1. We recommend that we be authorized to build several slides on the hill near the school for sleigh-riding for the younger children.
2. We recommend that we be authorized to have an open air rink built on the south of First St. South near Parkville. If we can get enough lumber we will have the slides boarded up to the boys can play hockey and later on we will consider the possibility of lighting the rink for night playing.
3. We recommend that two 100-watt lamps be installed in Highland Park and one at the top of the Michener Hill and one at Dr. McEwan's corner. These lights are badly needed for this district.
4. The wells at the intake have been cleaned out and are in good condition. We will have the intake very closely this winter to insure an ample supply of water but believe we can keep the supply up to the demand.
5. We have requested the Medical Health Officer to report on a case of injury to a resident.
6. We have authorized by-law authorizing the signing of two transfers to city property we have sold subject to your approval.
7. All of which is respectfully submitted.

W. E. LORD,
A. T. STEPHENSON,
Commissioners

Report adopted.

The Commissioner said Mr. Ayres was in Stettin as he had applied for the position of secretary-treasurer of that town. He said Mr. Ayres could not live on the salary he had been getting, and felt he should have a raise. He would be willing to remain

ALEXANDRA CLUB DANCE

The Alexandra Club dance in the armchairs, on Thursday evening last, was not so largely attended as expected, owing to the severe weather. The dancing commenced at 8 o'clock, the glass going to ten below zero, but those present thoroughly enjoyed themselves, and there was a most representative attendance of leading citizens to enjoy the charm of the dance. The orchestra from Calgary furnished the music, and the refreshments provided by the young ladies was dainty and thoroughly enjoyed by those present. The armchairs were nicely decorated for the occasion.

BANQUET TO W. T. COOTE

The friends of W. T. Coote, who is leaving the city to pursue his business with his brother at Leduc, met at the Commercial Cafe on Monday evening and tendered him a farewell banquet. There was a large and representative gathering of citizens present, and the spread was one of the finest ever provided at a banquet of this kind, and reflects great credit on the proprietors of the Commercial who are trying to keep up with the procession. After the company had partaken of the good things provided by the proprietors of the evening, T. A. Gaetz, called the meeting to order. A number of toasts were made and responded to as follows: "The King," "The Province," W. A. Moore and J. J. Gaetz, M.P.P., "The City," W. E. Lord, Mayor, A. S. Maxwell, President Board of Trade, "The Church," C. G. Gamble and Rev. Geo. Armstrong, "Our Guest," R. L. Gaetz and W. T. Coote, "Sports," W. E. Payne and J. M. Campbell, "Ladies," "The Township," H. Wallace, "Press," E. G. Jones and F. W. Galbraith. Songs were rendered by A. H. Moyes, W. H. Allan and Chief Andrew, J. E. Walton acted as accompanist.

BRANTFORD WHITE WOMAN MURDERED BY A NEGRO

Brantford, Ont., Oct. 27.—Mrs. Arthur Giles, an English woman, aged 38 years, was stabbed to death on Market Street, a big thoroughfare at 4:45 this afternoon, and it is thought that the murderer is a colored man named George Jones, aged 26 years. The affair took place in the presence of witnesses of both sexes. Beaten into insensibility by Roy Thornton, a local traveler, who wielded his knife on the back of Mrs. Jones, the latter was promptly arrested. Jones, it is said, had gone across the street to the home of the woman, changed her coat, and then, when he inflicted the wounds with a long knife. He had been paying attention to the woman and the police allege that the woman had eloped some six weeks ago.

BULGARIA WILL GET SOME SLIGHT CONCESSIONS

Paris, October 27.—The peace conference is rapidly framing its reply to the protests of Bulgaria's representatives against some of the terms of the Bulgarian peace treaty, and it seems probable that the supreme court will submit the answer during the present week, making the signing of the treaty within a fortnight a possibility. The indications are that the conference will make some concessions to the Bulgarians, but that it will not alter its decisions as to territorial boundaries.

As to the Hungarian treaty, although the conference has that document virtually completed, there are no indications to the conference that any government is likely to create a dialogue with which the conference would care to treat.

DEATHS

THRELFALL—At the residence of his niece, Mrs. J. A. McCraith, on Tuesday, October 28th, 1919, Thomas Threlfall, aged 73 years. Stone & Son.

here if he could get a salary of \$125. He was a very competent assistant, and the bookkeeper was splendidly kept, and the Commissioner felt that there were no better system of books throughout the province, and it would be impossible to fill his place at the salary he was getting.

The Mayor thought it would be too bad to lose Mr. Ayres. He was thoroughly familiar with the city work, and he was able to take the place of Commissioner Stephenson, and do so, and, in addition, the illness of the Commissioner in the past.

The Council will take no steps until they hear from Mr. Ayres.

Council adjourned at 9:30 o'clock.

For ambulance (Stone's) call 172, 173.

NEW ALIEN BILL GOES THROUGH IMPERIAL HOUSE

GOVT. COMPROMISES WITH STRIKE LEADERS

Winnipeg, October 27.—That the Department had had compromise with Sam Blumberg, recently ordered deported, and that the man had left the country on condition that all his property and his wife were withdrawn was the statement made by Alderman A. A. Heaps, indicted strike leader in opposing the Victory Loan at the city council meeting tonight.

PRESIDENT'S VETO ON PROHIBITION BILL OVERRULED

Washington, Oct. 28.—President Wilson unexpectedly vetoed the prohibition bill Monday, and within three hours the house had repassed it over his veto by a vote of 176 to 55. The total vote was hardly more than a majority of the entire membership.

Leaders in the senate immediately began laying plans to repeal the bill. They expect to ask unanimous consent for its consideration tomorrow, claiming enough votes to put it by Wednesday at the latest.

The president refused to sign the bill because it included the enforcement of war time prohibition. The objects of war time prohibition, the president said in his veto, had been satisfied, and "sound policy makes clear the reason and necessity for its repeal."

It would not be difficult, the president held, for congress to deal separately with the two issues of repeal of lighting. The house, like the veto hit the congress, like a bolt on its feet again, deserted its post. The two hundred and thirty members of the house, who were on their feet again, deserted its post. The two hundred and thirty members of the house, who were on their feet again, deserted its post.

The president, propped up in bed, dictated and then signed the veto message and sent it without warring apparently about what congress might do. With repassage of the law by the house and the prospect of the senate, the president said in his veto, had been satisfied, and "sound policy makes clear the reason and necessity for its repeal."

BRITISH RAILWAY STRIKE COST NATION \$500,000,000

London, October 27.—The approximate cost of the recent railway strike to the British treasury was \$500,000,000, according to an announcement made by the chancellor of the exchequer in the house of commons today. The chancellor added that the publicity campaign against the strike cost the government more than 30,000 pounds sterling.

POLICE COURT

Serg. Hanna, of the R.N.W.M.P., Calgary, was in the city yesterday looking for a defendant under the military law. He was found guilty and fined \$500, or, in default, imprisonment. He will pay his fine. The Sergeant left for Calgary by the early morning train. Quick work.

DIVISIONAL COMMANDER FAREWELLS

After five years of faithful service as officer in charge of Salvation Army outposts throughout Alberta, Brigadier Gen. W. Hay has received orders to farewell. During his command the work has extended in every direction. New corps have been opened, properties secured, and he has left behind a much greater and better organized work than what he found upon entering his command in the province.

When we reasonably think has been accomplished under war conditions, it is certainly a very gratifying achievement.

Although the Brigadier will not be able to visit every corps for a farewell meeting, he has decided to come to Red Deer on Monday, November 3rd, and at 8 p.m. in the Salvation Army Hall a public farewell meeting will be held. Do not fail to hear the speaker who is fully competent. A good meeting is assured. Everyone is cordially invited to attend.

OLD TIMER DEAD

Thomas Threlfall passed quietly away at the residence of his niece, Mrs. James A. McCraith, 51st Street North, Tuesday morning, at the age of 73 years.

Mr. Threlfall was one of the old timers of the Red Deer district, having settled on his farm three miles west of Penhold, on the Edmonton Trail, in the spring of 1888.

He was in Ilfracombe, Lancashire, England, and came to Alberta thirty-one years ago, and resided on his farm up to nine years ago, when he retired and moved into Red Deer, where he resided with his relatives up to the time of his death.

His home on the Edmonton Trail was the stopping place for the Calgary and Edmonton stage before the railway was built, and many travelers will still remember the warm hospitality he showed to them, and the deceased as they travelled north or south. He was a quiet, unassuming citizen, honest and kind hearted.

All returned soldiers and old friends will regret to hear of his death. He was never married, and leaves a sister, Mrs. Pennington; and a son, Mr. W. Pennington, of Penhold, and Mrs. J. A. McCraith, of Red Deer, to mourn his death.

The funeral will take place tomorrow, Thursday, afternoon, at 2:30 o'clock, from St. Luke's Episcopal Church for the Red Deer cemetery, where interment will take place. The funeral will kindly accept this intimation.

CONDOR U. F. A.

The 12th meeting of the Condor Local of U.F.A. was held on October 24th. The meeting was called to order by Mr. H. H. Stewart, at nine o'clock. The minutes of the last meeting were read and adopted. The attendance being rather small, it was decided, on the motion of N. E. Eastman, to deal only with correspondence that could not be left over, the Secretary letter from central office re. Secretary H. H. Stewart, dated in Calgary November 4 and 5.

Moved by R. Hewett, seconded by N. Eastman, that the secretary attend convention and the matter of expenses be left over until his return. Carried.

Mrs. Eastman, seconded by R. H. Blair, that Mr. H. Bice and Miss Millie Meeres be put on committee. Carried.

The secretary suggested that now there was likely to be more or less dances, and as they were mostly held on Friday night, it would be better to change the day, and all being of the same opinion, it was moved by H. Bice, seconded by N. Eastman, that the next meeting be held on Monday night, November the 10th, at eight o'clock.

Nathan Eastman reported that the entertainment committee had arranged for a hard time dance to be held on Friday night, October 31st (Halloween), and as a fine to be imposed on all wearing other than ragged clothing or jewelry, and a collection to be taken to defray expenses. The dance was cordially invited to attend and the ladies to bring refreshments.

Old timers say they never saw it so cold in October. The thermometer early Friday morning registered ten below zero. It looks as though winter were here to stay, although thousands of ducks are still to be found in open water and the geese have not gone south yet.

The snow and thawing weather has knocked stock thrashing into a cocked hat for a time at least. The man who stacked his grain in dry weather, it looks as though he will have many instances that farmers could not possibly get the stacking done, and it was a big temptation to take the risk.

N. White has purchased the beautiful residence of S. N. Caracelon, on Highway Hill, east of Red Deer. This is an ideal home, and one of the best residential properties in the city. Mr. White's present home was taken in the city. He congratulated Mr. White on obtaining this property, as he is now here to stay, and it should be a good judge.

THE LIBERALS AS A RESULT OF THE BY-ELECTIONS, INCLUDING THE ACCLAMATION OF HON. MACKENZIE KING IN PRINCE, P.E.I., STAND WHERE THEY DID AFTER THE GENERAL ELECTION BY RETAINING THE PRINCE AND QUEBEC SEAT.

THE UNIONIST LOSSES.

The government retains Kingston, which returned Sir Henry Borden, a Liberal, and Victoria, B.C., but loses Assiniboia, Gleggery-Stormont and Carleton-Victoria. In North Ontario, which was a Liberal seat, the voting is still to take place. There was in addition vacancies in Kenanska, owing to the death of Hon. Frank Cochrane, and in Saskatchewan, on account of the resignation of Mr. Lapointe to contest Quebec east. For these two seats the writs have not been issued.

GRAND TRUNK ACT MAY BE DEFEATED IN THE SENATE

Ottawa, Oct. 28.—Interest in the fight over the Grand Trunk is now transferred from the commons to the senate. Although the bill may reach the upper chamber until the end of the week, there is strong opposition to the measure and the present outlook is that unless there are some amendments the bill will be defeated.

The senatorial opposition consists of two groups. There are first those who are bitterly opposed to the whole principle of public ownership. They are fighting the measure on this ground. They largely consist of Quebec senators, who are influenced by the campaign which is being waged against the measure in that province. The second class consists of those who approve of the principle of the purchase of the Grand Trunk, but are not satisfied with the terms. They are insisting that the bill should be amended, so that the arbitration award will be reviewed by parliament. If this amendment was made to the bill, it would be satisfied. A caucus of government senators will be held on Wednesday to discuss the whole situation, and to consider some amendments, if possible. However, the anti-government ownership opponents are so determined in their antipathy to the bill that it is doubtful if they will agree to any concession.

There are rumors that if the bill is defeated that the government will go to the country. However, the matter is not worrying about such threats. In view of the general political unrest in the country, it is not thought that the government will force a general election.

There is also talk of filling the four senatorial vacancies which exist, but there is considerable objection to such a course. It is admitted by cabinet ministers that the matter is under consideration.

UNIONISTS LOSE IN BY-ELECTIONS

Farmer, Carry Three Seats By Enormous Majorities

Assiniboia—Gould, farmer, elected by nearly 4,000 over Motherwell, Liberal. Motherwell losses deposit.

Carleton-Victoria—Total for both candidates gave Caldwell, farmer, 3,176; Melville, Unionist, 2,580, with one or two small polls to hear from.

Gleggery and Stormont—Kennedy, farmer, elected by 1,332, with nine polls to hear from, while likely increase majority to 2,000 over Herve, Unionist.

Kingston—Drayton, Unionist, by acclamation.

Ontario South—Postponed.

Prince, P.E.I.—Mackenzie King, Liberal, by acclamation.

Quebec East—Lapointe, Liberal, by 5,000 majority.

Victoria, B.C.—Tolson, Unionist, 1,105; Barnard, Federated Labor, 5,023.

Ottawa, October 27.—By-election returns did not cause much surprise at the capital, Assiniboia, where the constituencies in which contests took place were about as anticipated, the chief surprise being the size of the U.F.A. majority in Carleton-Victoria, N.B., while reports from Victoria, B.C., indicated a strenuous fight. There were few who thought that Hon. J. S. Talmie, the minister of agriculture, was likely to be defeated. The net result of the by-elections is that though the government losses three seats, the regular opposition has not been strengthened. In the three seats lost to the government, Carleton-Victoria, N.B.; Gleggery-Stormont and Assiniboia, United Farmers' candidates have been elected to sit on the cross-benches. In 1917 Carleton-Victoria elected Hon. F. B. Carroll by acclamation, and Gleggery-Stormont did the same thing for John MacMartin, Unionist. In Assiniboia, J. G. Turill, Unionist, now 46, the senator, was elected by a majority of over 4,000. The seat now goes to Mr. Gould, the farmer candidate, who took it over a Liberal, the Unionists had having a candidate in the field.

Ernest Lapointe's election in Quebec East has been conceded since his nomination. His majority will not equal that of Sir Wilfrid Laurier in 1917, when the opposition leader had a majority of over 6,000 over a straw candidate.

The Liberals, as a result of the by-elections, including the acclamation of Hon. Mackenzie King in Prince, P.E.I., stand where they did after the general election by retaining the Prince and Quebec seat.

Old timers say they never saw it so cold in October. The thermometer early Friday morning registered ten below zero. It looks as though winter were here to stay, although thousands of ducks are still to be found in open water and the geese have not gone south yet.

The snow and thawing weather has knocked stock thrashing into a cocked hat for a time at least. The man who stacked his grain in dry weather, it looks as though he will have many instances that farmers could not possibly get the stacking done, and it was a big temptation to take the risk.

N. White has purchased the beautiful residence of S. N. Caracelon, on Highway Hill, east of Red Deer. This is an ideal home, and one of the best residential properties in the city. Mr. White's present home was taken in the city. He congratulated Mr. White on obtaining this property, as he is now here to stay, and it should be a good judge.

CONDOR U. F. A.

The 12th meeting of the Condor Local of U.F.A. was held on October 24th. The meeting was called to order by Mr. H. H. Stewart, at nine o'clock. The minutes of the last meeting were read and adopted. The attendance being rather small, it was decided, on the motion of N. E. Eastman, to deal only with correspondence that could not be left over, the Secretary letter from central office re. Secretary H. H. Stewart, dated in Calgary November 4 and 5.

Moved by R. Hewett, seconded by N. Eastman, that the secretary attend convention and the matter of expenses be left over until his return. Carried.

The secretary reported three vacancies on the entertainment committee, and that Miss Millie Meeres and Miss Effie French were junior members and eligible for committee work.

Mrs. Eastman, seconded by R. H. Blair, that Mr. H. Bice and Miss Millie Meeres be put on committee. Carried.

The secretary suggested that now there was likely to be more or less dances, and as they were mostly held on Friday night, it would be better to change the day, and all being of the same opinion, it was moved by H. Bice, seconded by N. Eastman, that the next meeting be held on Monday night, November the 10th, at eight o'clock.

Nathan Eastman reported that the entertainment committee had arranged for a hard time dance to be held on Friday night, October 31st (Halloween), and as a fine to be imposed on all wearing other than ragged clothing or jewelry, and a collection to be taken to defray expenses. The dance was cordially invited to attend and the ladies to bring refreshments.

Meeting adjourned at 10 o'clock.

INDIAN RESERVES TO BE HELD FOR VETERAN FARMERS

Ottawa, Oct. 23.—Portions of nine Indian reserves in the prairie provinces, comprising 65,000 acres, have been secured by the soldier settlement board of Canada and will be made available for soldier settlement.

The land taken over is all of good agricultural quality and within easy reach of transportation facilities. As much of this land was bought on bloc, a re-adjustment of prices will be necessary after subdivision, all the land in the various "locks" not being of the same agricultural value. The necessary survey work and subdivision valuation are causing some delay. A special effort, however, is being made to have the land ready for disposal to soldier settlers as early as possible.

The price paid to the Indians averaged from \$10 to \$20 per acre. The nine parcels are located as follows:

Big River reserve, 980 acres, northwest of Prince Albert; Mistawasis reserve, 16,548 acres, northwest of Prince Albert; Piquet reserve, 11,600 acres and 14,730 acres, north of Regina; Kakewistahaw reserve, 1,903 acres, northeast of Broadview, Sask.; Cowessess reserve, 320 acres, northeast of Broadview; Ochowapaw reserve, 18,240 acres northeast of Broadview; Poor Man's reserve, 8,080 acres, Touchwood Hills, west of Yorkton; Bobtail reserve, 6,620 acres south of Edmonton.

WORTH TRYING

A Brooklyn lady recently said to her parlor maid:

"I don't know what's come over my husband. Instead of starting off for the office cursing and swearing as usual, he went out just now with a top and a skip, happy and twittering and whistling like a bird."

"It's my fault, madam," said the maid, contritely. "I got the wrong package, and gave him bird seed for breakfast food."

PRINCE DECLARES HIMSELF TO BE SIMPLE FARMER

Will Keep Out of Politics and Contravertes Over the Tariff

London, Ont., October 23.—With the Prince of Wales' animated centre, a mob of cheering, laughing, struggling people swept the streets of London, Ont. yesterday, swarming about over the automobiles in the procession, climbing on running boards and mud guards in their eagerness to welcome the royal visitor. At the civic dinner at the Tecumseh hotel, the Prince addressed a big gathering, referring to his hope that he may be able to make of himself a good Canadian farmer, and adding a playful promise that he would keep out of politics and contravertes over the tariff. In part, he said:

LAND OF AGRICULTURE

"I have been a farmer in the main since I landed in Canada two months ago, because I went west very soon after my arrival and did not linger long in Ontario, and the west is essentially a land of agriculture. Farmers, I believe, do not in the least see eye to eye with manufacturers and business men. As you probably know, I have just bought a ranch in Alberta, and you, therefore, may expect me to develop strong views about such things as tariffs which may differ somewhat from your own views. I should, therefore, like to reassure you at once by promising to be a very simple sort of farmer, who will not go into politics at all. To be serious, I am genuinely delighted at having this chance to see a very little of the great industrial centre of eastern Canada, for I know the importance of the place to the future of the Dominion as a whole."

Following the civic dinner, at which the prince received an ovation from the gathering of guests, a public reception was held in the armories before night and the day's activities were brought to a close.

LUENDORFF IS CALLED A GAMBLER WITH DEATH

Scathing Denunciation of Ludendorff by a German Writer.

The burden of Ludendorff's complaint in his memoirs that it was the collapse of the German people that brought about the overthrow of the German empire, is fiercely resented in Germany. A writer in a German paper concludes a savage attack upon Ludendorff in these terms: "We owe our downfall to a preponderance of the enemy's strength and numbers, which would have proved the undoing of any nation. And you, Ludendorff, have contributed most towards making that downfall complete and not the German people who today must still suffer hunger for the betrayer who forsake them in cowardice, and throw mud at them in their greatest hour of need."

"I call you the greatest gambler with death, which the world has known, because you have continued to murder, although on three different occasions you could have had peace—although you know that we should one day be defenceless and must atone for all we had done."

"You are a man of the stamp of Wilhelm, who recognized no authority, except himself and the Prussian God. He lies in Amerongen before his household altar and reproaches his household god for having forsaken him. And you mount upon the pinnacle of the temple in order to be false witness for the history of the world, and lay the blame for the downfall at the door of the German people, for a downfall which was merely a matter of calculation, for 10 times 11 is 110, and not 91. For Heaven's sake do not boast that Nemesis has not yet overtaken you, and spare us the publication of our mendacious 'Memoirs.'"

ELECTIONS IN ONTARIO

OTTAWA DRAWING LITTLE COMFORT FROM UPHEAVALS

Ottawa, October 22.—The political upheaval which has resulted in the United Farmers and Labor candidates securing a victory in Ontario has started a lot of thinking in Ottawa political circles. Neither side can draw much comfort out of the result. As neither the Conservatives nor the Liberals have sufficient seats to carry on a government, and the farmers are without a leader and have only two members who ever sat in the legislature, it is difficult to predict what will happen. A coalition with either side is likely to destroy the farmers' movement. That there will be another election within a year is the general prediction here.

The immediate effect of the sweep of the farmers in Ontario will likely be the return of the farmer candidates in the four federal seats where they are contesting the by-elections, namely, North Ontario, Glengarry, Carleton and Assiniboia. Hon. T. A. Cresser, left last night for North Ontario, where he will spend the remainder of the week stumping for R. P. Halbert, the U.F.O. candidate. If the farmers win the four seats it will give Mr. Cresser a substantial following as the leader of the cross benches. The Liberals expect to carry Quebec East, while the government is counting on the election of Hon. Dr. Tominé in Victoria. This would give the result, Farmers 4, Unionists 2 and Liberals 2. It is the general belief that if there were a dominion election tomorrow the outcome would be similar to Ontario. There would be four or five groups with the party strong enough to carry on a government. The result is that both parties will not be in a hurry to go to the country and an election before 1921 or 1922 is unlikely.

which opens to-day.

YOU are citizens of no mean country.
Canada is a fair, free land.
Canada is your country.

Canada—now—has need to borrow from you—Lend:
Lend without restraint of politics or fine distinctions of creed or party.
The leaders of the political parties endorse the Loan.
It is CANADA that asks:
And why—
To clean up the last of the War's commitments and expenses;
To establish beyond all question the capacity and credit of your country;
To care for the wounded and maimed soldier;
To finance the bonus of the returned soldier already paid;
To enable the fruits of Victory to be garnered;
To ensure the prosperity of you, her citizens.
The guns of war are silent—but they are not yet cool.
The Victory Loan 1919 is a War Loan.

PRESS COMMENT ON ONTARIO ELECTIONS

Ottawa, October 21.—The Citizen, discussing Monday's election, says: "Election results in the province of Ontario are distinctly encouraging. The defeat of Sir William Hearst and Sir Adam Beck are unfortunate. They deserved better of the community. But they are simply the victims of an obsolete system of electing members in single-member constituencies, instead of in grouped constituencies on the principle of proportional representation."

"The election of forty-two United Farmer representatives in the quadrum conservative province of Ontario, is of first class political significance. It is a sign of the decree universally arising in the aftermath of war, for better living conditions."

"The United Farmers of Ontario are associated with the organized farmers in other provinces on what is popularly known as the farmers' platform. This platform is really a new national policy for Canada. It is the work of the Canadian council of agriculture, and T. A. Cramer, while minister of agriculture, acknowledged in the house of commons, that, before he entered the union government, he had helped draft the farmers' platform."

"The outlook in Ontario is hopeful under the new order of things, at the very least, that the country is no longer satisfied to mark time while democracy is going forward elsewhere in the British commonwealth."

Ottawa, October 22.—The Journal this morning says: "Neither Ontario, nor any other province has ever had such a creditable administration as that of Sir William Hearst, and of his great predecessor Sir James Whitney. That the people of Ontario should turn such a government out of office seemed the last possibility of the fortune of politics. There must be few among those who sincerely care for honest, conscientious, progressive government who do not regret that the Hearst government is gone. Even the United Farmers, who have secured predominance in the new legislature, did not avow a desire to defeat the government."

"The most reasonable explanation of the result seems to be that it was due to general unrest and discontent. The people of Ontario did not vote for something better, but for something different. It was in a way a revolt against constituted systems of power—the expression of a desire on

the part of the people to take authority into their own hands, regardless of the effect—a state of mind which the war has left."

"The province, having created the situation, will now look to those whom it has placed in power to do their best to stabilize it, so that the government of Ontario may be carried on."

Winnipeg, October 21.—The Tribune: Ontario has not suffered a calamity. That thing we call electoral politics in Canada—Gritism or Toryism—has received a smashing blow between the eyes."

Fears are expressed that there will be a serious mix-up under what is now called the "group system." Fear not; wholesome coalition is not only probable, but imperative."

A new administration, under greater rural influence, should be able to set a new pace for the old province."

Toronto Globe
Toronto, October 21.—Editorial comment on Ontario elections: The Globe under heading "A Political Revolution," says: "Ontario is to have her first experience of coalition. The king's government must be carried on. It is evident that the Hearst ministry, shattered and rent at the polls and discredited before the country, cannot hope to receive from the United Farmers and the Labor members the co-operation and support necessary to its retention of office."

The verdict of the electors, whatever else it may mean, does unquestionably mean that a majority of the people of Ontario are against the Hearst government and desire that the seven sleepers shall be replaced by live and progressive administration."

The Toronto Star
Toronto, October 21.—The Star, which supported Sir William Hearst because, as it explains, it had advised and applauded his stand in favor of prohibition, says: "It seems possible that the U.F.O. will decline the form of government either of its own or in fusion with one of the other parties, but remain aside holding the balance of power and able at any time, especially with the fourth group of Labor and Independent members, to defeat any administration that may be formed. Everything is uncertain except that the period of hectic politics stretches ahead for some distance."

Mail and Empire.
Toronto, October 21.—Under the caption, "Unsettled Voting," the Mail and Empire, Conservative, says: "The election, with all singularities, is the consequence of unrest. The policy of the government that received

most attention in the contest was approved at the polls, but did not, win the support of the government's candidates. A great part of those who voted to continue the government's war-time legislation in restraint of liquor traffic, voted against the candidates of the government."

"Conservative legislatures are used to that kind of treatment—at the hands of temperance voters. Then, the women who owe the franchise to the Conservative government, in many cases, voted only for the temperance legislation and omitted to vote for candidates, or preferred those who were opposed to the government."

Montreal Gazette.
Montreal, October 21.—Commenting editorially on the result of the election in Ontario on Monday, the Montreal Gazette, Conservative, says: "The Conservatives were really an advanced socialistic organization under the domination of Sir Adam Beck and two or three city newspapers, which roared rather than reasoned and made men of Conservative instincts afraid of their platform. Against them were the Liberals, also socialists in their attitude, the Labor party of advanced theorists, and the United Farmers, who, on the matter of spending money at least, were advocates of a moderate policy. The multiplicity of appeals thus indicated made for uncertainty."

"If there is a general lesson, it may be that a Conservative government does well to follow a Conservative policy and not to the Conservative element in the legislature."

The Spectator.
Toronto, October 21.—Under a front page editorial by "The Spectator," edited by W. F. MacLean, Conservative, M.P., but which did not support the Hearst government, says: "In the best sense of the word there must be practical politics among the opposition, from which a government will shortly emerge. Who shall become premier, and who receive the offices are relatively trivial matters. What is needed is vision and common sense, and readiness to subordinate sectional preferences to solid progress. The situation should speedily clear and the groups will win the highest favor which can do the biggest things."

Manitoba Free Press.
Winnipeg, October 21.—The Manitoba Free Press, commenting on the Ontario elections, says: "The tendency toward group politics has been so much in evidence in Canada in recent months that no one with any facility in reading the signs of the times could possibly overlook it. Yesterday's election in Ontario registered the first definite man-

ifestation of this new force in politics. The result confounded all the prophets, because the movement developed the violence of a tidal wave, overturning and destroying the traditional landmarks of the province."

"The Hearst government is, of course, destroyed, but what is to take its place is not evident excepting that it is quite clear that the farmers, as the largest group in the legislature, must accept the responsibility which goes with power. For them there is to be no easy job as critics on the cross benches; they must take upon their shoulders the burden of governing Ontario. To that and they will find it necessary to come to some arrangement either with the Conservatives or the Liberals."

Winnipeg Telegram.
Winnipeg, October 21.—The Winnipeg Telegram says: "The importance of this election to the western provinces will be self-evident. The farmers have been organizing for some time past for provincial control. They will now claim, and rightly claim, the impetus and the glory which they consider theirs from the success achieved by Ontario farmers. One safe prediction is that if the Western Farmers can get together as well as the Ontario Farmers, there will not be a Liberal provincial government left in power west of the Great Lakes."

You need a quick, nerve-building tonic—one that checks declining steadies our nerves—one that puts you on your feet again."

TEACHERS PLAN CO-OPERATION IN WESTERN CANADA

Winnipeg, October 23.—A committee representing the teachers' organization of the four western provinces, composed of H. Charlesworth, Victoria; J. K. Telling, Moose Jaw; M. Stanley, Calgary; and E. K. Marshall, Portage La Prairie, met in Winnipeg Wednesday and drew up resolutions with the object of creating closer co-operation between the teachers of the western provinces. It was pointed out they would be following the example of the departments of education by so acting. It is proposed to publish a monthly magazine as the organ of the teachers. When the time is ripe it is intended to co-operate with the east, and make a dominion-wide organization, but, in the meantime, energies will be directed toward organizing the west.

A statement by Premier Martin, of Saskatchewan, that 425 teachers, many of them from Manitoba, had gone into Saskatchewan in a year, was taken as an indication of the need of working together. By organization it is hoped to secure greater permanency of position.

It is proposed to have the various organizations endorse a minimum salary of \$1,200 for all second class teachers and to have it put into effect at an early date.

A meeting of western representatives will be held at Calgary next summer.
